Dear Ms. Sugarmann,

While compiling information relating to our recently submitted April Quarterly Report, it came to our attention that the Committee had inadvertently received two corporate contributions.

One contribution was received from Innovative Microtechnologies and the other was received from COast Hills Federal Credit Union.

Upon learning of the mistake we immediately took steps to refund the contributions and those expenditures will be reported in our upcoming Mid Year Disclosure Report.

We have also taken steps to help minimize the possibility of accidentally accepting corporate contributions.

Sincerely

Ben Roma
